

# THE TILE DRILLING REVOLUTION

with Carbide Technology

Multi-faceted carbide tip makes EXPERT HEX-9 HardCeramic highly effective and long-lasting.

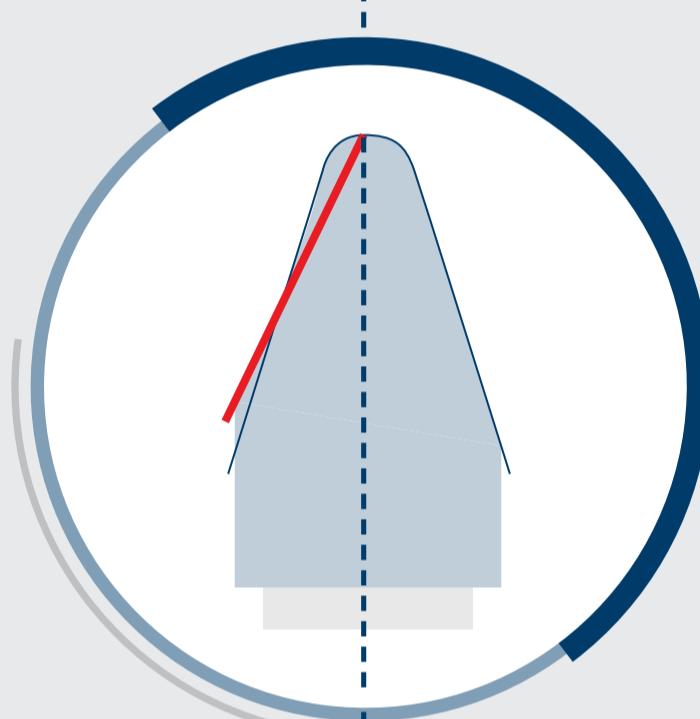

## CARBIDE TECHNOLOGY

### THE HARD TILE CHALLENGE

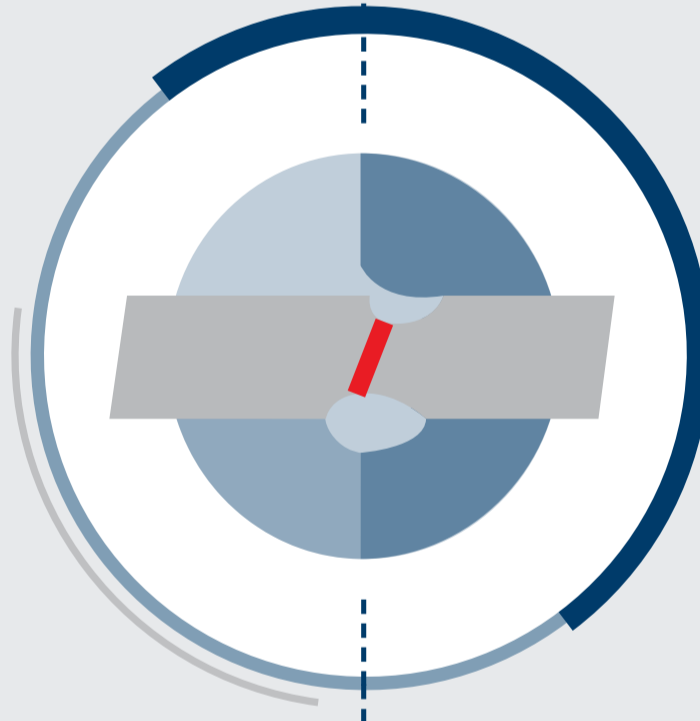

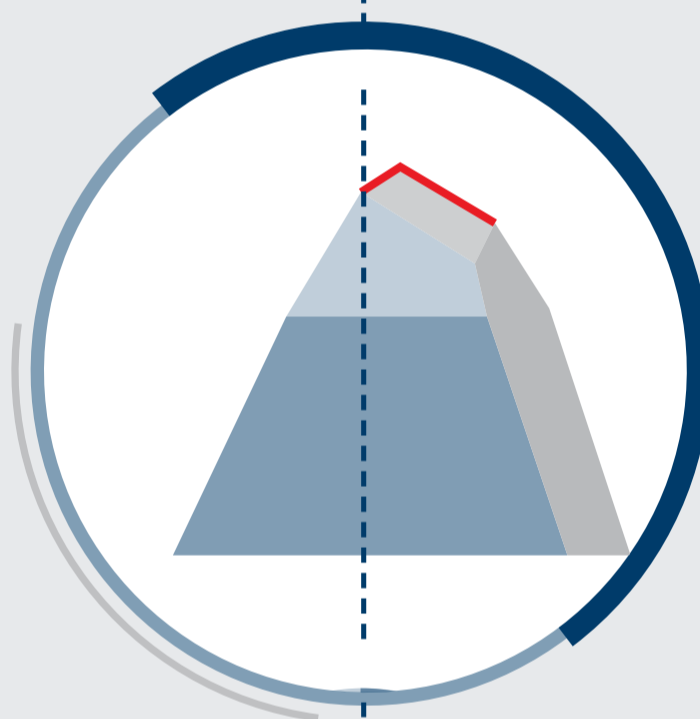

#### MULTIPLE EDGES, MANY ADVANTAGES

Carbide Technology means advanced design and proprietary manufacturing

Patented asymmetric design ensures edges bite like teeth into hard material

Smart active centering tip combines precise starting with efficient drilling

Reduced chisel edge increases effectiveness in hardest tile

#### DRILL AGAIN AND AGAIN

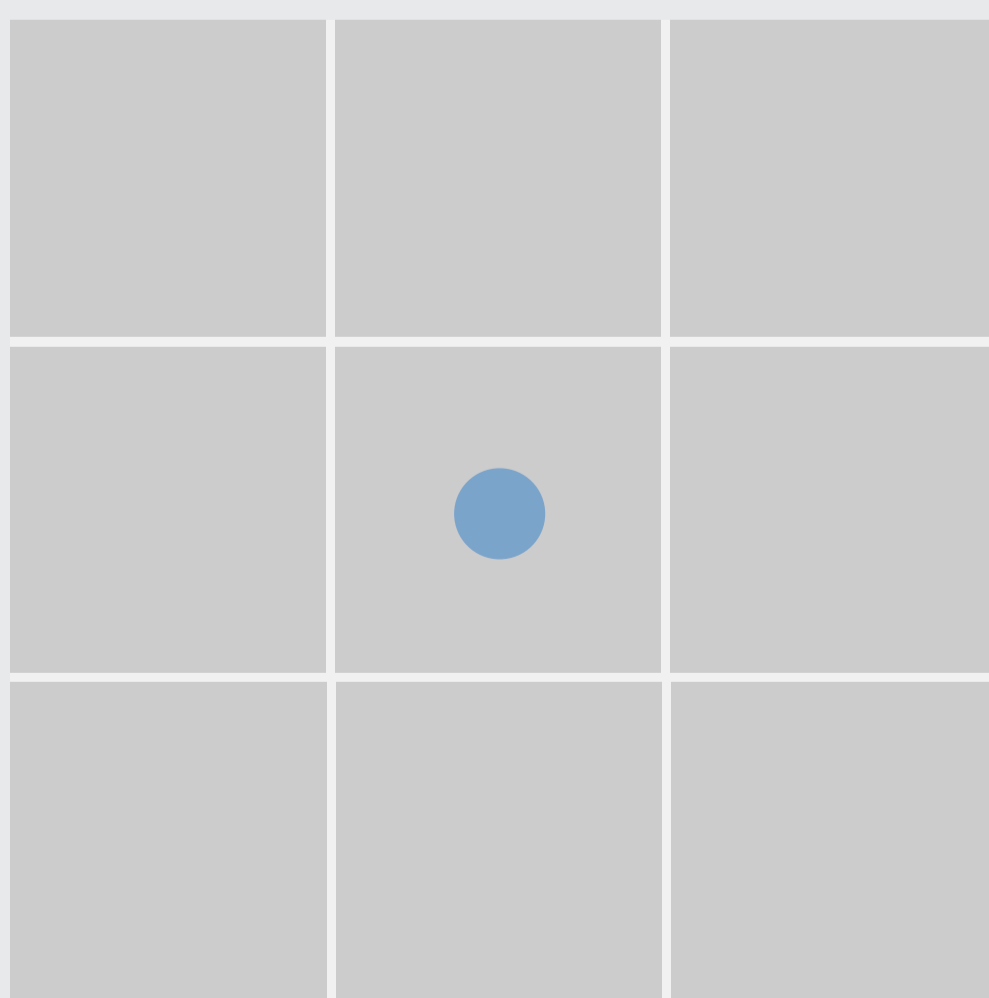

Easy to use, no need for water
